

## LEAD AGENCY

  
**Collaborates  
with required  
partners**

**1**

**Engages partners  
in plan  
development and  
reviews**

The Child Care and Development Fund (CCDF) disaster plan may include partners who also monitor child care, such as the public health sanitarian and fire marshal, in addition to the required partners.

  
**Continues  
child care  
services**

**2**

**Develops policy  
and processes so  
licensing and  
subsidy programs  
can respond to  
emergencies and  
disasters**

The CCDF disaster plan may include alternative provider payment options and draft policies and procedures for including impacted families. A process for changes to licensed capacity following a disaster might also be part of the plan.

  
**Coordinates  
postdisaster  
recovery**

**3**

**Identifies  
options to  
support the  
recovery of child  
care through  
coordination**

The CCDF disaster plan identifies resources (financial and human) such as volunteer organizations that provide emergency child care in shelters and partners who can help with communication and information for recovery.

  
**Creates  
requirements  
for child care  
providers**

**4**

**Creates a  
specific  
plan**

**Trains staff  
and  
volunteers**

**Conducts  
practice  
drills**

The CCDF disaster plan describes the licensing regulations for child care providers' site-specific plan. It also describes how provider plans will be monitored and what training is available to help.
