7 AAC 10.915. Background check. (a) To perform its functions under AS 47.05.330, the department will screen a request for a background check through

(1) the registry of certified nurse aides under AS 08.68.333;

(2) the Alaska Sex Offender/Child Kidnapper Registry that the Department of Public Safety maintains under AS 18.65.087;

(3) the List of Excluded Individuals and Entities (LEIE) that the United States Department of Health and Human Services, Office of Inspector General maintains under 42 U.S.C. 1320a-7 and 1320c-5 (secs. 1128 and 1156 of the Social Security Act); and

(4) any other registry or database determined by the department to be relevant to the screening being conducted under AS 47.05.330 for an individual, including

(A) professional licensing registries; and

(B) any registry or database maintained by this state or by another state.
(b) In addition to its review under (a) of this section, the department will review the criminal justice information supplied by the Department of Public Safety, court or other applicable government agency records, and the national criminal history record check supplied by the Federal Bureau of Investigation, to determine whether a barrier crime or condition exists for the individual who is the subject of the background check.

(c) If, after reviewing all available information described in (a) and (b) of this section, the department determines that a barrier crime or condition does not exist, the department will notify the requesting applicant or provider that the determination is available through the department's electronic database.

(d) If, while conducting a background check, the department determines that a barrier crime or condition exists, the department will

1. issue a written notification to the applicant that explains
   (A) that a barrier crime or condition exists;
   (B) the applicable barrier time for the crime or condition;
   (C) the right to request a variance, if allowed under 7 AAC 10.930; and
   (D) the right to seek redetermination under 7 AAC 10.927; and

2. provide notification to the provider that an applicant is not eligible for a valid background check, and that the provider may have the right to apply for a variance under 7 AAC 10.930; the department may provide notification electronically or in writing.

(e) For each request for a background check processed under this section, the department will mark in APSIN the name of the applicant who was the subject of the background check. If the department receives notification under APSIN of law enforcement activity for an applicant,
or receives new notification of a civil action, the department will review the information. If the department determines that the activity creates a barrier crime or condition under 7 AAC 10.905, the department will immediately notify the provider and the applicant of the change in the department's determination. The department will notify the applicant that

(1) the department intends to immediately revoke the valid background check in accordance with 7 AAC 10.945; the department will identify the barrier crime or condition in the notice;

(2) the applicant may request a redetermination under 7 AAC 10.927 if the applicant believes that the department's determination was made in error or that there was an error in the information that the department relied on, or if the applicant has new or additional factual information that could change the department's determination; and

(3) if the applicant for whom the request was submitted by the provider wishes to disclose the barrier crime or condition to the provider, the provider may request a variance, if allowed under 7 AAC 10.930; if the request was submitted by an applicant under 7 AAC 10.902, the department will notify that applicant of the right to request a variance, if allowed under 7 AAC 10.930.

(f) Except as provided otherwise in this subsection, a provider shall, within 24 hours after receiving notification under (d) or (e) of this section, terminate association with the applicant in accordance with 7 AAC 10.960. If the provider or the applicant requests a variance under 7 AAC 10.930, or if the applicant requests a redetermination under 7 AAC 10.927, the applicant may remain associated with the provider, pending a decision on the request, if

(1) the applicant is removed from direct contact with recipients of services; and
(2) the provider ensures that the applicant is provided with direct supervision if the applicant is present in any area where services are provided, during hours of operation.

(g) If an applicant remains out of association with a provider for 100 days or longer, or if an applicant described in 7 AAC 10.902 fails to become associated with a provider within 100 days after the department's notification under (c) of this section, the background check becomes immediately invalid without prior notice. A new background check must be requested if the applicant wishes to become associated with any provider in any manner described in 7 AAC 10.900(b).

(h) If an applicant with a valid background check ceases to be, or fails to become, associated with a provider, and wishes to have the applicant's name unmarked in APSIN, the applicant must submit a written request to the department that the valid background check be rescinded. (2) the [AN ENTITY OR] provider has requested an expedited review and has

(A) included justification for the expedited review;

(B) submitted, at a minimum, the documents required under 7 AAC 10.910(b)(1) and (2) and the fees required under 7 AAC 10.910(b)(4) and (5); and

7 AAC 10.920(b) is repealed and readopted to read:

(b) Except as provided in (c) of this section, a provisional valid background check issued under this section is valid for 90 days, pending completion of the background check or during the pendency of any request for a redetermination, a variance, or a reconsideration of a variance request. A provider shall ensure that if an applicant requests a redetermination under 7 AAC
10.927, a variance under 7 AAC 10.930 and 7 AAC 10.935, or reconsideration under 7 AAC 10.950 of a variance request, the applicant has direct onsite supervision. The department may extend the 90-day limit if any delay occurs that was not caused by any failure of the applicant or provider.

7 AAC 10.920 is amended by adding a new subsection to read:

(c) If the provider fails to submit fingerprints and other required items within 30 days, or if the department determines that a barrier crime or condition exists with respect to the applicant, the provisional valid background check is automatically revoked, and the provider must terminate association with the applicant in accordance with 7 AAC 10.960. 10.930(b) to the variance review committee shall recuse oneself from participation in committee's review of the variance request for which the employee made the recommendation. A director making a recommendation under (h) of this section shall recuse oneself from participation in the committee's review of the variance request for which the director makes the recommendation.

(b) In reviewing a request for a variance, the chair of the variance review committee shall determine whether a variance is prohibited under 7 AAC 10.930. If a variance is prohibited, the chair of the variance review committee, without involving the full variance review committee, shall immediately send the commissioner a recommendation under (g) of this section and clearly indicate the prohibition in the recommendation.

(c) The chair of the variance review committee shall initially evaluate a variance request within 10 days after the oversight division determines a variance request to be complete under 7 AAC 10.930(b). The initial evaluation must include an initial assessment of the basis for the variance request and a determination, using the standards that the full variance review committee would use under (d) and (e) of this section, of how the variance if granted would impact the health, safety, or welfare of any recipient of services authorized or services paid in full or in part by the department. At the end of the evaluation, the chair may

(1) without involving the full variance review committee immediately send the commissioner a recommendation under (g) of this section to grant the variance request; or

(2) refer the matter to the full variance review committee to evaluate the variance request as provided in this section.

(d) In its review of a variance request, the variance review committee shall
(1) consider the recommendations that the oversight division made under 7 AAC 10.930(b);

(2) consider all material supplied with the variance request and any other relevant information available to the department;

(3) verify, if applicable, that

   (A) any conditions of parole or probation were met;

   (B) any court-ordered restitution has been made, or payments are current;

   (C) the individual is in compliance with any treatment required by the court, or that any required treatment has been successfully completed;

   (D) if the barrier crime or condition is related to financial exploitation, including theft, fraud, and bribery, or involved another form of dishonesty, including perjury and official misconduct, that the individual's duties make it unlikely that exploitation or dishonesty could occur with regard to recipients of services; and

   (E) if the barrier crime or condition is related to the abuse, neglect, or exploitation of a child or vulnerable adult, that the individual's duties make it unlikely that abuse, neglect, or exploitation could occur with regard to recipients of services; and

(4) consider any mitigating factors, including the amount of time that has elapsed since the barrier crime or condition occurred and whether the individual has been employed by a provider for a substantial period, has performed duties in a responsible and trustworthy manner, and has not been the subject of any complaint from a recipient of services or a representative of a recipient of services.

(e) For a request for a variance for a permanent barrier crime or condition, in addition to
the matters described in (d)(1) - (4) of this section the variance review committee shall consider

(1) whether mitigating circumstances were involved at the time that the barrier crime or condition occurred;

(2) the individual's educational and employment history;

(3) any current letters of recommendation from employers or others submitted in addition to the minimum required under 7 AAC 10.930(a)(3)(H); and

(4) whether the individual was previously issued a variance by the department after the occurrence of the barrier crime or condition for which the variance was issued.

(f) Before issuing a decision, the commissioner or the variance review committee may require the individual for whom a variance is sought to appear in person or by telephone for an interview.

(g) Except as provided in (h) of this section, and within 30 days after the oversight division determines a variance request to be complete under 7 AAC 10.930(b), the variance review committee shall recommend to the commissioner that it has determined that the health, safety, and welfare of recipients

(1) will be adequately protected, and the variance review committee shall recommend that the commissioner grant the variance request; or

(2) will not be adequately protected, and the variance review committee shall recommend that the commissioner deny the variance request.

(h) For a variance request submitted for a permanent barrier crime or condition under 7 AAC 10.900 - 7 AAC 10.990, and within 20 days after the oversight division determines a variance request to be complete under 7 AAC 10.930(b), the variance review committee shall
submit to the director of the oversight division the recommendation to grant or deny the variance request under (g)(1) or (2) of this section with respect to the health, safety, and welfare of recipients. Within 30 days after the oversight division determines a variance request to be complete under 7 AAC 10.930(b), the director shall consider the committee's recommendation and make a written recommendation that the commissioner grant or deny the variance request.

(i) The commissioner will consider a recommendation made under (b), (c), (g), or (h) of this section and will issue a decision on the variance request within 30 days after receiving the recommendation. If the commissioner determines that the variance request does not provide enough information for the commissioner to make a determination, the commissioner may refer the matter back for a review by the full variance review committee. During any point in the process, the commissioner may seek additional information from the variance review committee or from the provider or applicant who requested the variance.

(j) The commissioner will inform the provider or applicant in writing of the commissioner's decision to grant or deny, with or without terms and conditions, a variance request. In the decision the commissioner will include the specific reasons for the denial and will advise that if the provider or applicant believes that the decision was made in error or that there was an error in the information the department relied on, or if the provider or applicant has new or additional factual information that could change the decision, the provider or applicant may request reconsideration of the variance decision under 7 AAC 10.950. A copy of the commissioner's decision to grant or deny the request for a variance will be provided to the department office responsible for conducting background checks and to the oversight division.

(k) In a variance granted under this section, the department will not identify the
individual for whom the variance was requested, but will specify the barrier crime or condition for which the variance was granted. The department will set out the terms and conditions of the variance, and will include in the notification an expiration date, as applicable. For an applicant, the department will include in the notification a reference to the provisions of (m) of this section.

(l) Unless the variance is a nontransferable variance issued under 7 AAC 10.930(f), a variance may be transferred with the approval of the department to another provider, except that a variance issued for employment or volunteering in a behavioral health services provider to which 7 AAC 70.010(a) applies may be transferred with the approval of the department only to another behavioral health services provider to which 7 AAC 70.010(a) applies. The new provider shall ensure that any conditions of the variance are followed.

(m) A variance becomes immediately invalid without prior notice if the individual for whom the variance was granted

(1) ceases to be associated with a provider that requested the variance; or

(2) fails to become associated with a provider within 100 days after ceasing to be associated with a provider or receiving the notification under (j) and (k) of this section if the individual is an applicant described in 7 AAC 10.902.

(n) The oversight division shall, in accordance with 7 AAC 10.945, immediately revoke a variance granted under this section if

(1) the oversight division determines that the variance was granted based on false information provided by the individual to whom the variance applies or by a provider that requested the variance; or

(2) the individual to whom the variance applies
(A) violates a term or condition of the variance; or

(B) subsequently becomes subject to AS 47.05.310(c), is charged with, convicted of, found not guilty by reason of insanity for, or adjudicated as a delinquent for, a crime listed in 7 AAC 10.905 or a similar crime in another jurisdiction, or is issued a civil finding governing a barrier condition.

(o) A variance granted under this section remains valid unless made invalid under (m) of this section or revoked under (n) of this section.

(p) A variance granted under this section does not exempt the applicant from 7 AAC 10.910(c).

(q) In this section, "commissioner" means the commissioner or the commissioner's designee substantively uninvolved in a recommendation made under 7 AAC 10.930(b) or this section. (Eff. 2/9/2007, Register 181; am 10/17/2007, Register 184; am 2/13/2008, Register 185; am 6/29/2017, Register 222)

The posting must be in a conspicuous place where the
copy of the variance can be readily viewed by persons interested in obtaining the services offered by the provider.

(b) The requirements of (a) of this section do not apply to a variance granted to an applicant unless that applicant becomes associated with a provider in any manner described in 7 AAC 10.900(b).

(c) The requirements of (a) of this section do not apply to a facility licensed for foster care or to an approval for an adoption subsidy issued by the departmental office that oversees children's services. (Eff. 2/9/2007, Register 181; am 6/29/2017, Register 222)

(a) Subject to AS 47.32, if the department decides to revoke a valid background check issued under 7 AAC 10.900 - 7 AAC 10.990, the department will provide electronic notice of the change in determination to the provider for whom the background check was conducted. The department will provide written notice of revocation to the applicant for whom the background check was conducted. In the notice to the applicant, the department will include the reasons for the department's decision and will advise an applicant of the right to request a redetermination under 7 AAC 10.927 if the applicant believes that the department's determination was made in error or believes that there was an error in the information that the department relied on, or if the
applicant has new or additional factual information that could change the department's decision. Nothing in this section precludes the submission of a request for a variance under 7 AAC 10.930.

(b) If the oversight division decides to revoke a variance issued under 7 AAC 10.900 - 7 AAC 10.990, the oversight division shall provide written notice of revocation to the provider to whom the variance was issued and to any applicant who was the subject of the variance. In the notice to the applicant, the oversight division shall include the reasons for the oversight division's decision and will advise the applicant of the right to request reconsideration under 7 AAC 10.950 if the applicant believes that the oversight division's determination was made in error or believes that there was an error in the information that the oversight division relied on, or if the applicant has new or additional factual information that could change the oversight division's decision. Nothing in this section precludes the resubmission of a request for variance under 7 AAC 10.930.

(c) A notice of revocation issued under this section is effective immediately after the department issues the notice, unless a delay is granted under (d) of this section.

(d) At the request of the provider or applicant, the department may delay the effective date of a revocation under this section for not more than 30 days after its issuance if the department determines that closer supervision and revised work conditions under which the applicant must operate will not threaten the health, safety, and welfare of a recipient of services.
