

National Data Profile of Federal Supports for Afterschool and Summer Child Care

There are two major sources of federal funding and supports for afterschool and summer child care: the Child Care and Development Fund (CCDF) and the 21st Century Community Learning Centers (21st CCLC) program. This data profile focuses primarily on the Child Care and Development Fund.

The federal **Child Care and Development Fund (CCDF)** is a block grant program administered by the U.S. Department of Health and Human Services. It is the primary source of federal funding for child care subsidies for low-income working parents and federal funding to improve child care quality. Lead agencies administer the program at the state level.
