

# Webinar Follow Up: Resources to Support Family Child Care Providers Who Serve Infants and Toddlers

On September 28, 2016, the State Capacity Building Center (SCBC) hosted the webinar [\*Resources to Support Family Child Care Providers Who Serve Infants and Toddlers\*](#). The following document includes answers to questions from participants that were not addressed during the webinar.

◆ **Question #1: What mailing lists do I need to be on to make sure that I am aware of these webinars?**

- Response: Visit the Office of Child Care's website at [http://www.occ-cmc.org/occannouncements\\_sign-up/](http://www.occ-cmc.org/occannouncements_sign-up/) to sign up for future announcements:

◆ **Question #2: How do I find out who is my SCBC Infant Toddler Specialist?**

- Response: Contact information for the SCBC Infant Toddler Specialists is located in Table 1 of this document.

◆ **Question #3: Are these resources available in Spanish?**

Response: This is a really good question. The resources that we provided in the webinar slides are mostly links to reports, articles, and tools. The majority of these are not available in Spanish. However, some tools may be available in languages other than English. You will need to determine this by following the link to a particular resource. Note that the Infant Toddler Specialist Network is committed to making the resources provided available in Spanish. Stay tuned for future resources.

◆ **Question #4: Are there any grants for family child care providers?**

- Response: We recommend that you check your state's website or your state's technical assistance network for quality improvement initiatives and opportunities.
