Consumer Education Website

<p>How the Lead Agency ensures that its website is consumer-friendly and easily accessible</p>	<p>The CCDF Lead Agency, the Child Care Program Office (CCPO), website is consumer-friendly and easily accessible. The website is displayed based upon six main category tabs, which when accessed provide additional in-depth information: Alaska: Find a Child Care Provider; Contact Information; Information for Child Care Providers; Information for Families; Resources and Reports; and Child Care Forms. In addition, the website is easily accessible to all individuals including individuals with disability. The American Disability Act (ADA) requires websites and the information provided to be accessible. All child care forms and child care resources and materials comply with ADA accessibility. The website is updated frequently. http://dhss.alaska.gov/dpa/Pages/ccare/default.aspx</p>
<p>How the website ensures the widest possible access to services for families that speak languages other than English</p>	<p>The CCDF Lead Agency, the Child Care Program Office (CCPO), website is only provided in English. The State of Alaska only publishes in English. The CCPO can provide interpretation services to families and guests who need assistance accessing, navigating, or obtaining information from the CCPO website. The CCPO is in the process of having a statement added to our website notifying users of the opportunity to request interpretation services. Users may request interpretation services at any time, or when staff can identify the need for, or are experiencing difficulty communicating with the user, interpretation services are offered. The CCPO and grantees have marketing materials to help a user identify what languages we have interpretation services available.</p>
<p>How the website ensures the widest possible access to services for persons with disabilities</p>	<p>The CCDF Lead Agency, the Child Care Program Office (CCPO), ensures the website is accessible to persons with disabilities. The American Disability Act (ADA) requires all materials and resources published online are accessible to persons with a disability. All child care forms and child care resources and materials are accessible to persons with disability. These forms are created through PDF and are checked through running accessibility reports prior to making them available on our website. The CCPO works with the Statewide ADA Coordinator on making our website resources and materials accessible.</p>
