Licensed child-care centers and certified family child-care homes are required to report ages of children they are able to serve. Efforts are made to ensure that children are placed in settings that will serve all children in the family and will not require children to change placements as they age. Efforts are made to ensure full-day coverage of services for children that includes before- and after-school as needed. Regional needs assessments are conducted to look at child care partnerships and identify barriers to high quality services that meet the developmental needs of all children as well as family needs, including type and hours of care.

Homeless households must meet all other technical and financial eligibility criteria in order to continue with the program.</p> <p>Homeless households can qualify to gain initial eligibility via Job Search if the client does not meet the work requirement and wants to use the once in twelve (12) months Job Search at the time of application. For example, the Kentucky All STARS landing page provides a brief overview of the quality rating and improvement system and also links to sub-pages, such as the Provider Information Page, to find additional resources on more concentrated. All CHFS web pages include contact information, links to related services, and Spanish translation. The Division of Child Care also has a Policies and Procedures Coordinator who is responsible for website updates.
