Homelessness has been defined as a need for child care. A family claiming homeless as a valid need must participate in a community based program designed to eliminate the homelessness situation. Homeless shelters, domestic violence shelters and other community based organizations may offer programs and resources to help families end homelessness. Eligibility specialists must verify the eligibility unit participates in activities with the community based program. Verification may include, but is not limited to a hard copy or collateral contact verification or with a telephone call to the community organization to verify the participation. If the family is participating in a community based program designed to eliminate the homeless situation, child care is authorized up to twenty-three (23) fulltime units. If the child is a school-aged child, child care is authorized based on the school schedule of the child.

Consumer Education Website

| | |
|---|---|
| How the Lead Agency ensures that its website is consumer-friendly and easily accessible | The Lead Agency's website is written to be user friendly by writing at a lower than average literacy level and uses tabs for ease of finding materials. In addition materials are laid out in an easy to ride question/answer format for both families and providers. An example is that the Lead Agency's main website page allows users to click on Help for Families or Information for Providers. By clicking on the link that pertains to the user type, the individualized webpage offers the user specific information that is relevant to the user. The main webpage also offers links to other topics that would be of interest to families, providers and the general public. |
